Exemption No. 6963B
Regulatory Docket No. FAA-2000-8463

Ms. Sheryl Israel
Counsel for Peninsula Airways, Inc.
Shaw Pittman LLP
2300 N Street NW.
Washington, DC 20037-1128

Dear Ms. Israel:

This is in response to your January 16, 2003, letter petitioning the Federal Aviation Administration (FAA) on behalf of Peninsula Airways, Inc. (PenAir), for an extension of Exemption No. 6963, as amended. That exemption from § 91.323(b)(4) of Title 14, Code of Federal Regulations (14 CFR) permits PenAir to operate one Grumman G-21A Goose aircraft (registration No. N22932) at a maximum weight of 8,920 pounds, which exceeds that aircraft's maximum certificated weight.

In your petition, you indicate that the conditions and reasons regarding public interest and safety, presented in the original petition upon which the exemption was granted, remain unchanged.

The FAA has determined that good cause exists for not publishing a summary of the petition in the Federal Register because the requested extension of the exemption would not set a precedent and any delay in acting on this petition would be detrimental to PenAir.

The FAA has determined that the justification for the issuance of Exemption No. 6963, as amended, remains valid with respect to this exemption.

In consideration of the foregoing, I find that a grant of exemption is in the public interest. Therefore, pursuant to the authority contained in 49 U.S.C. §§ 40113 and 44701 delegated to me by the Administrator, Exemption No. 6963, as amended, is hereby further amended by extending its May 31, 2003, termination date to May 31, 2005, unless sooner superseded or rescinded.

AFS-03-205

All other conditions and limitations of Exemption No. 6963, as amended, remain the same. This letter shall be attached to, and is a part of, Exemption No. 6963.

Please note that in an effort to allow the public to participate in tracking the FAA's rulemaking activities, we have transitioned to the Department of Transportation's online Docket Management System (DMS) at <http://dms.dot.gov>. This new docket system enables interested persons to submit requests to, view requests on, and download requests from the DMS to comply with 14 CFR § 11.63. Please submit future requests through the DMS.

Sincerely,

/s/

Louis C. Cusimano
Acting Director, Flight Standards Service
